Introduction
Lyon County, Kansas Marriage Index – Volume 4

This book is intended to be a research aid for those tracing their Lyon County, Kansas ancestry. The information for this book was obtained from the microfilm indices to the marriage records recorded in Lyon County, and reviewing the microfilm record to clear up discrepancies. Due to the difficulty of interpreting handwriting and spelling in old records on microfilm, it is impossible to do a book of this kind without errors. For this reason, it is suggested that the record be reviewed. For each marriage, the records contain the name of the groom, bride, their ages, places of residence, date of license, date of marriage, minister and place of marriage.

The index is an alphabetical surname listing of the brides and the grooms. Thus, each marriage appears twice, once under the brides' surname and once under the grooms' surname. The date of the marriage is listed. If the marriage license was not returned indicating a marriage, then the only record is the issuance of the license. These situations are indicated in this index with the year of the marriage date as "no record" or "no return". The last column is the Book and Page number of the marriage license and record.

It is not suggested that these are the only marriages that took place in Lyon County, especially in the early years. Some marriages were recorded in the Lyon County Vital Records Books which are at the Lyon County Historical Society. The information in the early vital record books have also been published by the Flint Hills Genealogical Society. In addition, another source of marriage records are the indices to many early newspapers compiled by Bob Hodge. There are newspaper accounts of some marriages occurring in Lyon County that are not recorded in the marriage records.

Copies of the marriage records cited in this index are available from Flint Hills Genealogical Society, PO Box 555, Emporia, KS 66801, for a nominal fee. Contact Flint Hills Genealogical Society for any other research needs, copies of this book, copies of Volume I Marriage Index (May 4, 1856 - December 31, 1889) or Volume II Marriage Index (January 1, 1890 - December 31, 1899) or a list of other publications available.

Thank you to Regina Falcetto, Brenda Lavington, Frances Saueressig, and Don Smith for their time in copying, reading, typing, and compiling this information. Also a special thanks to the staff of Emporia Public Library for their on-going support of our organization and projects.
